Verse 1

One two three me

I'm the redhead you can't unsee

Spitting fire, blazing like a strawberry moon

But loving you hurts, it's like a painful tune

Verse 2

Four five you see

I'm the rap game's M V P

Fast and furious, I'm always in the zone

But missing you is worse, my heart's
turned to stone

Verse 3

Was it too soon

Verse 1

In a land far away, where the rivers flow so wide

I found a love so true, I couldn't hide

Like a fairytale, you swept me off my feet

In your arms, my heart found its beat

Verse 2

Underneath the moonlight, our love began to grow

With every touch, my soul began to glow

You're my prince charming, my knight in shining armor

In your embrace, I found my forever
